# Find out what is happening in forests right now

## Join the community

Subscribe to the Global Forest Watch discussion forum to learn more about data and interact with fellow users and researchers.

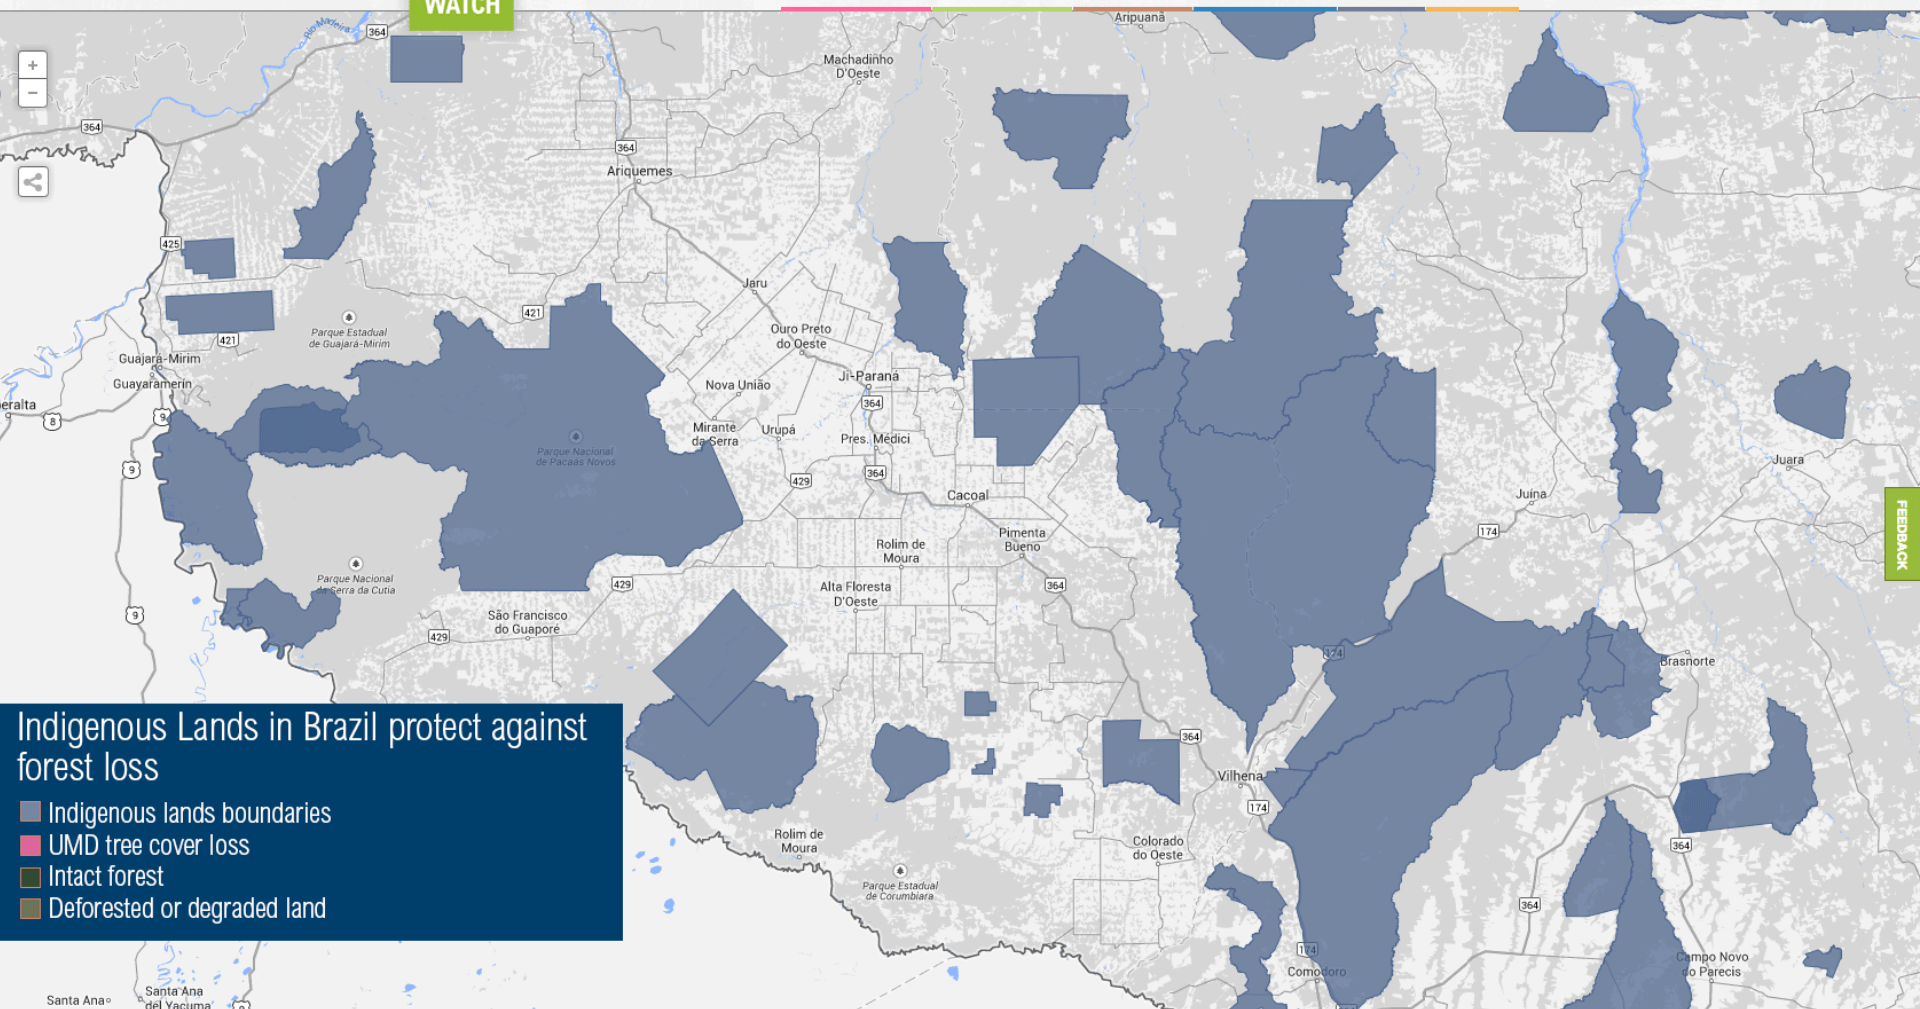

## Analysis & alerts

Perform forest cover change analyses on the fly and get answers in real time. Subscribe to receive automated alerts to forest cover change in your area of interest.

## Submit your story

Have a story to share about forest change? Help improve our forest monitoring by submitting your stories and photos for display on the GFW map.

### Indigenous Lands in Brazil protect against forest loss

- Indigenous lands boundaries
- UMD tree cover loss
- Intact forest
- Deforested or degraded land

Illegal fires in Tesso Nilo Park,  
DigitalGlobe satellite image

July 21, 2014, Riau, Indonesia

# Global Forest Watch for PAs

Global Forest Watch can help monitor protected areas by:

- Early detection of potentially illegal activities
- Prioritizing resources for enforcement
- Designing protected areas
- Identifying gaps, risks and connectivity issues in parks
