# **Effective and equitable governance of landscape, of country, territory, Mother Earth...**

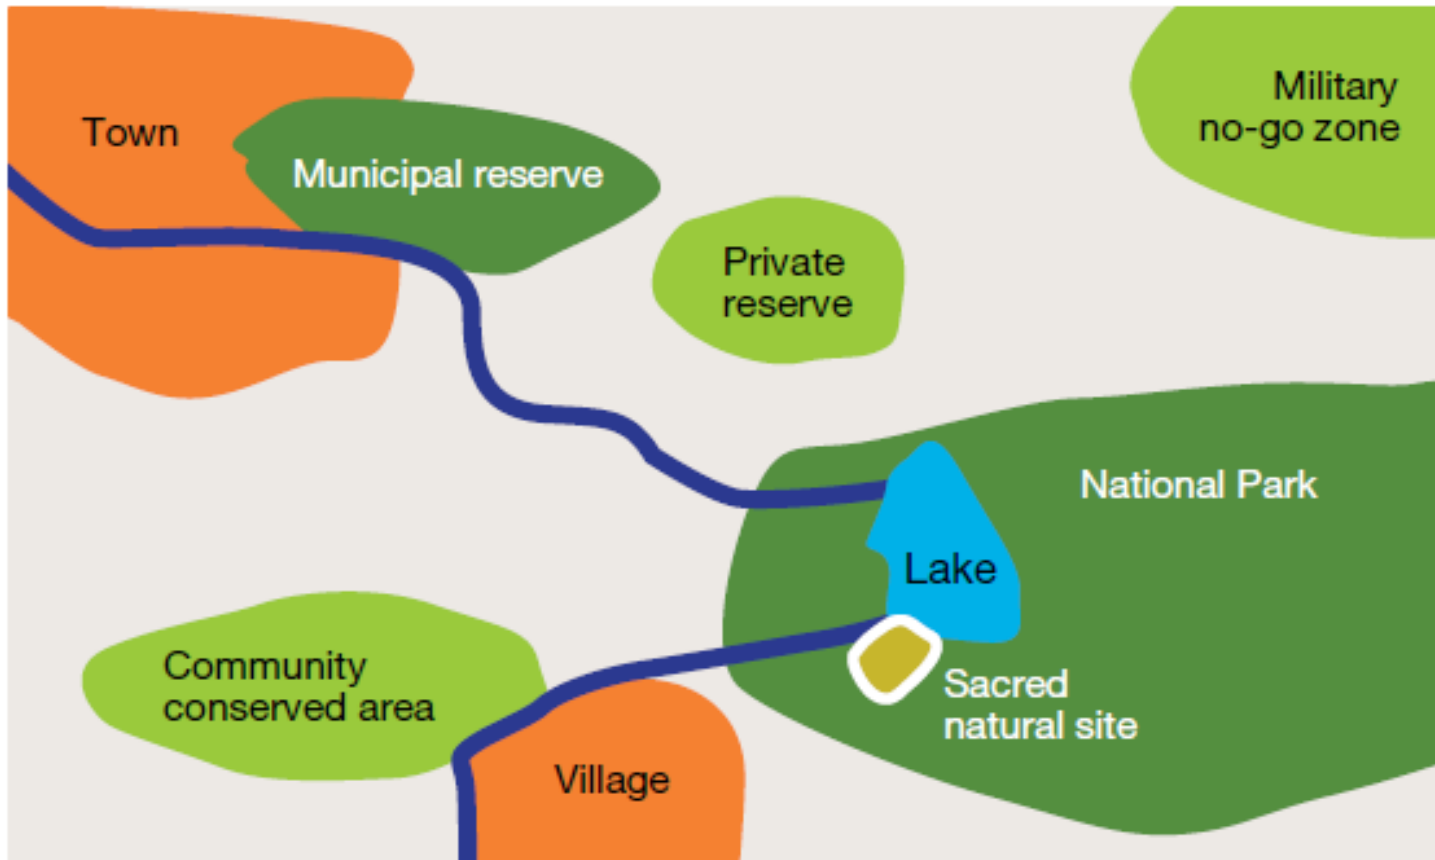

Workshop in Stream 6

Monday 17 November 2014

08:30- 12:00

Hall 4A2

Taghi Farvar, Terence Hay-Edie, Ro Hill, Helen Schneider

## HEART **Governance Quality**

- Legitimacy and voice
- Direction
- Performance
- Accountability
- Fairness and rights

## MIND **Governance Diversity**

- Government-governed
- Shared-governance
- Indigenous peoples' and community-governed
- Privately-governed

## SPIRIT **Governance Vitality**

- Well-integrated and functionally connected
- Wise
- Empowered
- Adaptive
- Innovative

## Theme A

# **Making the case for governance of landscape/ country/territory: delivery of multiple benefits/functions**

- Promoting evidence for landscape governance that works for conservation and people
- Instruments and processes for securing benefits
- Areas where further development is needed (i.e. how to overcome the hindering factors)

## Theme B

# Solutions in developing governance of the landscape: addressing key challenges

- What motivated people to adopt governance of landscape?
- What are the challenges and solutions in effective and equitable governance of the landscape?
- Capacities needed?

## Theme C

# Distilling ingredients of a “strong” model of governance of landscape/territory/country

- What are the ingredients for “strong” (high quality, diverse and vibrant) governance?
- What are the key ingredients to make it strong in the long term?

# Learning from experience in a world café
